

## TOP 10 REASONS Why the Library Information Service should be on your Speed Dial

Here are ten reasons to list the Library Information Service's phone number, (225) 231-3750, on your speed dial.

### 10. Get directions when you're lost.

You're on the road and the address you're looking for is 12689 Florida Boulevard, but where the heck is that? Call the library and find out it's between Sherwood and Flannery.

### 9. Find a phone number.

You can't remember the name of that car stereo place near the corner of Airline and Cedarcrest, so you can't call Directory Assistance. The library can go that extra step to help you puzzle it out, and find the phone number.

### 8. Settle an argument.

Your buddy Steve says that Sammy Sosa hit 54 home runs in 2001 but you are sure it was 64! Call the library and learn it was 64. Steve owes you one!

### 7. Be a better shopper.

At a car lot, you can quickly call the library for NADA quotes. At an electronics store, you can call for *Consumer Reports* Best Buys selections.

### 6. Stock up your book queue.

You're listening to the radio or to your favorite podcast and you hear a review of a book. Call the library immediately and they will hold it for you. If it's checked out, you can get on the reserve list and the Library will send you an email or snail mail notice when it's ready for pick up.

### 5. Stock quotes.

Where did Evergreen Solar close today? Is that up or down? Or what is the ticker symbol for Fidelity Contrafund? Call the library to find out how your stocks are doing.

### 4. Recipe consultation.

You're in the middle of a kitchen improvisation when you need to know what's a good ratio of vinegar to oil for the classic vinaigrette. Call the library for some suggestions. Or you've got an 18 pound turkey. How long and at what temperature should you cook it? You can even call the library to find out what in the world is in Watergate Salad!

### 3. When a dictionary isn't handy.

You've already settled into your hammock with a good book, and with only an iced tea and a cell phone nearby, when you run into the word "adamantine". Call for a quick definition (having the hardness or luster of a diamond).

The library is also particularly good at finding spellings for words that you have misspelled so badly that you cannot even find it in the dictionary. "Why can't I find PHYSCOLOGY in the dictionary?" (Answer: Try "PSYCHOLOGY")

### 2. Out on the town.

The movie you wanted to see is sold out. Call the library to see if any of the other movies is a *New York Times* Critic's Choice. Or call to find out all the locations and times a particular movie is playing. Planning dinner and a movie? Call to find out if a nearby restaurant received a good review in the paper. You can even call to see if your favorite movie is available for checkout.

### 1. Things to do.

You're stuck in Yuma for the next day and a half. Find out what there is to do in Yuma. Or call to find out about the local festivals happening this weekend. Need directions? We covered that in #10. Finally, find out how to download an audiobook to listen to in the car on your way.
