Storytime gives children an excellent introduction to books and the library, increases their attention spans and develops their social skills by involving them in stories, poetry and songs. The Children’s Services staff hopes Storytime will be an enjoyable experience for each child, leading to a lifelong love of books and reading. You are always welcome to attend Storytime with your child. We offer many different Storytime formats. Since children develop at different rates, you may talk with one of our Library staff members to place your child in a younger or older group. For more information, call your local Library. Organized groups must reserve a date and time other than those listed below.
