

**Q: What's a database?**

A: A database is an online resource available through our website, [www.ebrpl.com](http://www.ebrpl.com). We have almost 100 databases for you to use, providing access to thousands of articles and titles.

**Q: Do I need a Library Card to use the databases?**

A: Yes! If you want to use our databases from your home or office, you will need a Library Card. They're free! Call (225) 231-3740.

**Q: What's in your online databases?**

A: Our online databases provide magazine and journal articles, ebooks and e-audiobooks, and music and videos for you to use for research or fun.

Our databases offer you the same kinds of items that our physical libraries do - but you can access them from your home or office at any time of the day or night. You don't have to visit the library to use our great resources!

**Q: Where are your online databases?**

A: Databases can be accessed right from our home page at [www.ebrpl.com](http://www.ebrpl.com). Click on the Online Databases link. You can also access selected databases from the Digital Books & Music link.

**Q: There are so many databases! How do I know which one to use?**

A: We have created some infoGuides to help you pick the right database for your needs. Click on the infoGuides link on our home page, then click on databases in the tag cloud. You'll get a list of Guides by subject. Or go to this link: [ebrpl.libguides.com/databases](http://ebrpl.libguides.com/databases)

**Q: Do you provide help with using your databases?**

A: We do! We have several tutorials available to help you learn to search and use our databases successfully. Click the infoGuides link on our home page and type "tutorials" in the search box on the next page. The first result will be our Database Tutorials infoGuide. You can also call us at (225) 231-3750 to get help over the phone. Or chat with us right from the Database Tutorials home page.

**Q: Can I use the databases on my smartphone?**

A: Yes, you can! Visit our mobile site, [m.ebrpl.com](http://m.ebrpl.com), to access our databases - and all of our other great resources.

Check out our Mobile Apps infoGuide to find out which databases are optimized for mobile use, and which ones have apps. Find it here: [ebrpl.libguides.com/apps](http://ebrpl.libguides.com/apps).
