## **NATURE LOVERS** Leaf Rubbings

Stay active by taking a nature walk around your yard, on an outdoor walking trail, or in a neighborhood park. As you walk, gather interesting leaves to bring home. Gather some white paper and some crayons with the paper cover removed.

Bring your leaves to a table or another flat surface.

Place a piece of white paper on top of one of your leaves.

Turn your crayon length-wise and rub over the paper to see the design of the leaf magically appear!
