Fairy Tale Hopscotch

PLAY A GAME OF HOPSCOTCH WITH YOUR FAVORITE FAIRY TALE CHARACTERS.

CRAFT MATERIALS

You will need the attached template, scissors, glue or tape, crayons or colored pencils (optional) and either masking tape (for inside play) or chalk (for outside play).

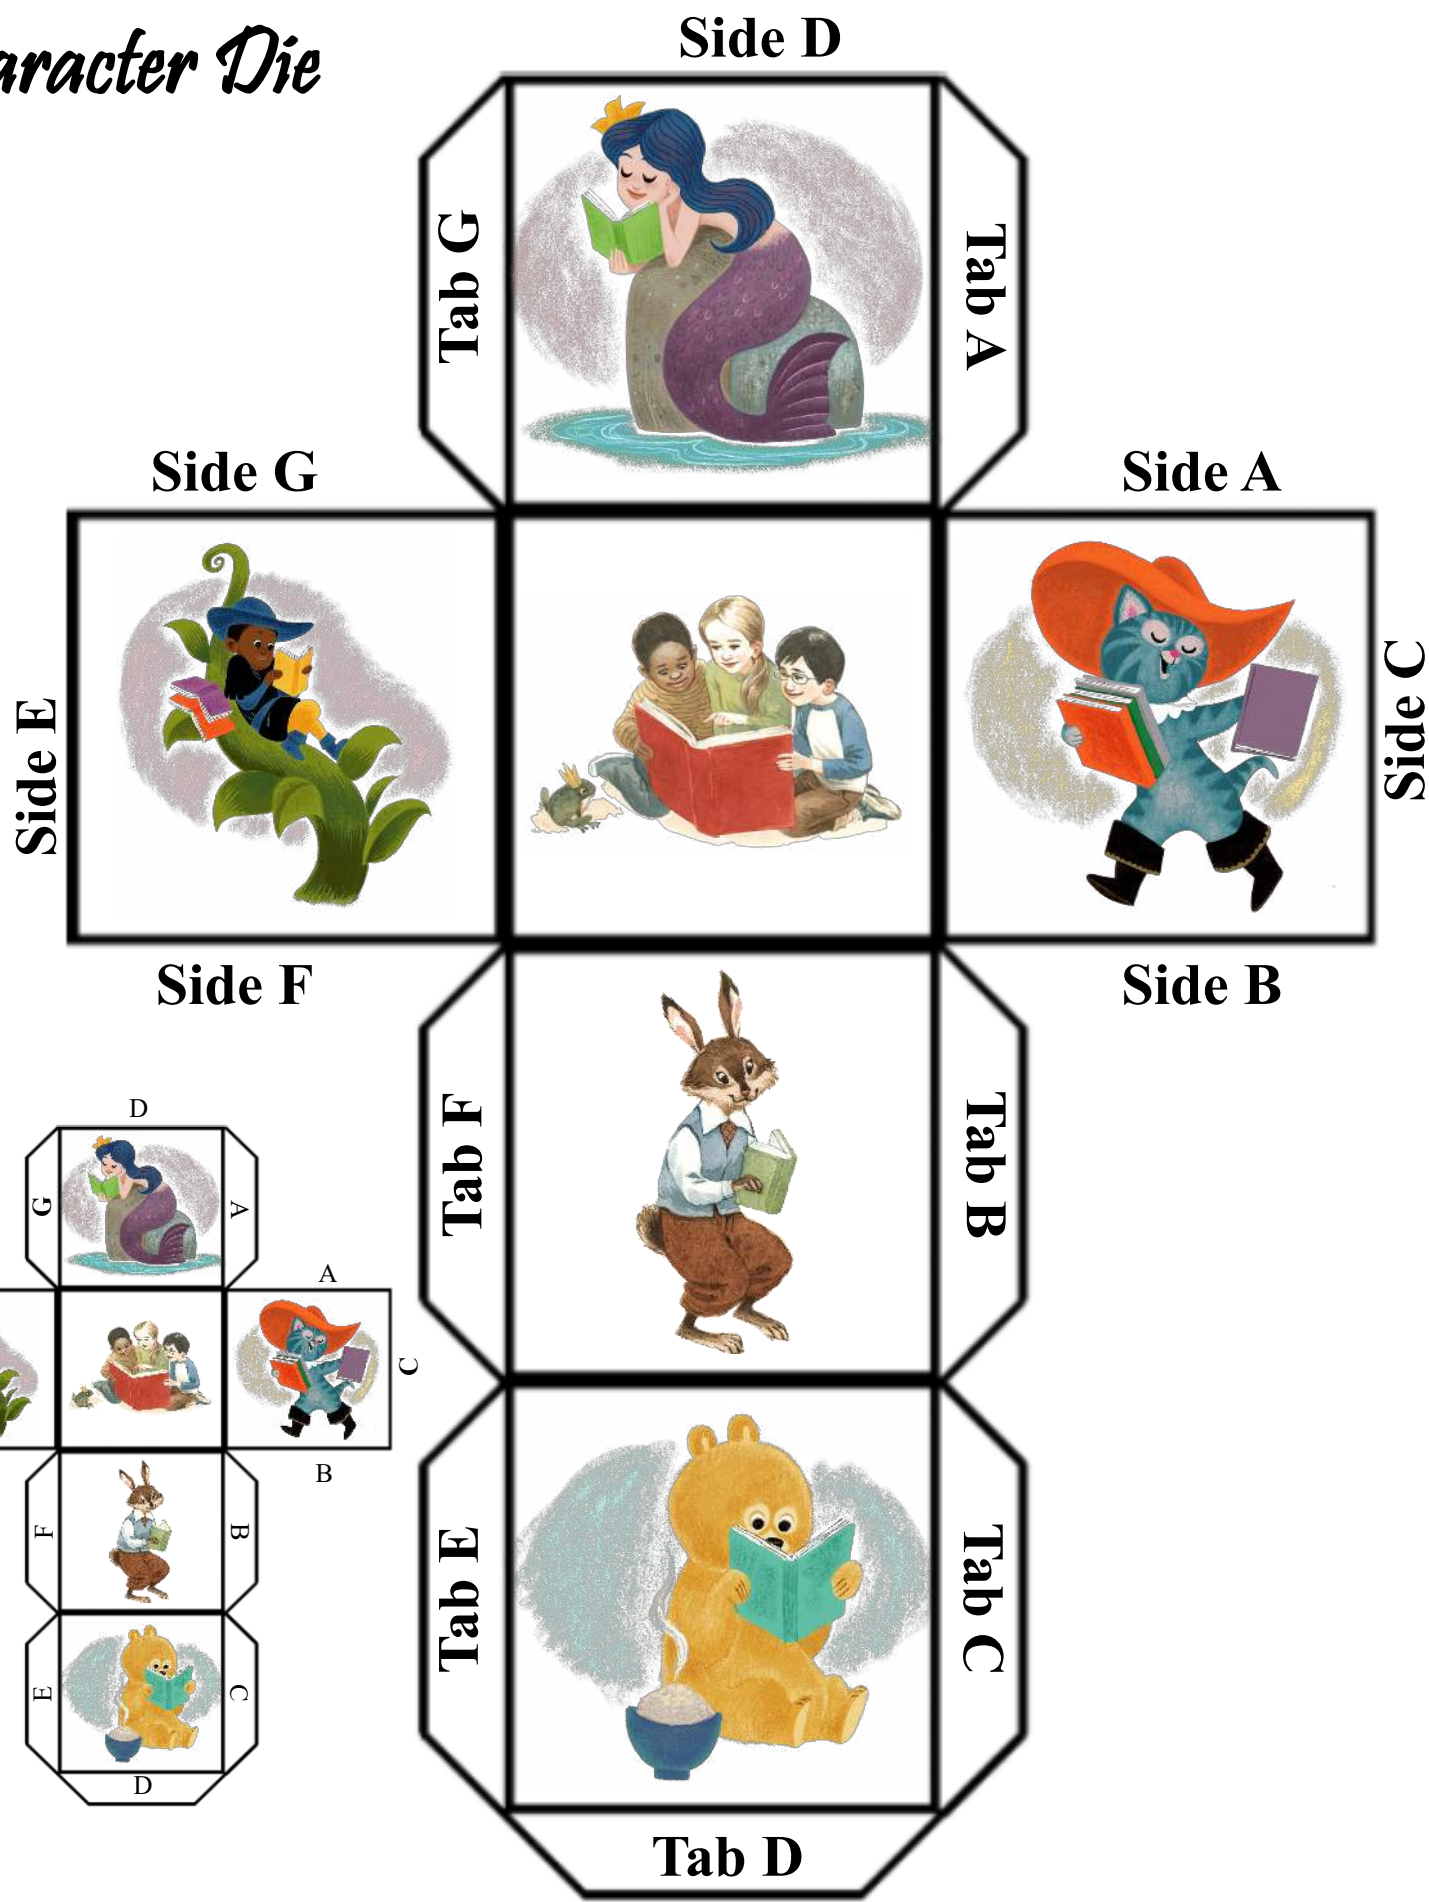

INSTRUCTIONS

- Cut out the character die.
- Fold along all of the lines (including the tabs) toward the blank back side of the paper.
- Match each tab to the corresponding side and carefully glue or tape it in place. Be sure not to cover up the picture! Do this for each of the seven (A-G) sides and tabs.
- Now, color and cut out the fairy tale pictures.
- Create a hopscotch grid inside using masking tape or outside using chalk.
- Instead of using numbers, place the fairy tale pictures in the middle of the hopscotch squares.

Ready to have fun? Roll the die and then hop to the character that matches the character on your die! Take turns with your friends.
