

ALL ABOUT

Mythic Zoo Exhibit

For this project you will need drawing supplies and paper, but you can get more elaborate if you wish!

Choose the animal (real or magical) you wish to have in your zoo.

Think about what your animal might need in the way of housing and care.

If you feel like you need to know more about your animal, check out some books or go digital!

Then begin to draw! Try to add the following details:

- * How will your creature get the food he/she needs?
- * Where will they sleep?
- * Where will they use the restroom?
- * How will keepers get in to clean the exhibit and how will you keep the animal and keepers safe while they clean the exhibit?
- * Does your animal need a special environment (penguin=cold, dolphins=water, etc.)?
- * How much should your creature be allowed to interact with visitors? (visitors feed the ducks vs. bars and pit between visitors and lions)
