**Create this cute and easy Frog Prince!**

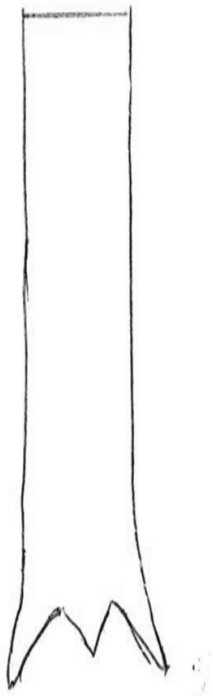

You will need the following materials:

Construction paper (green, yellow (or gold), and red); White paper; Glue; Scissors; a plate (or something else round)

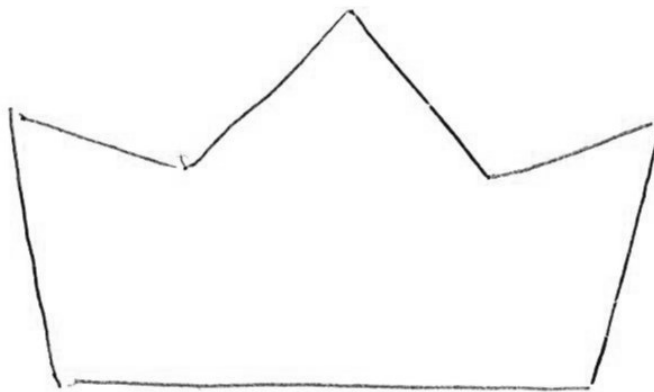

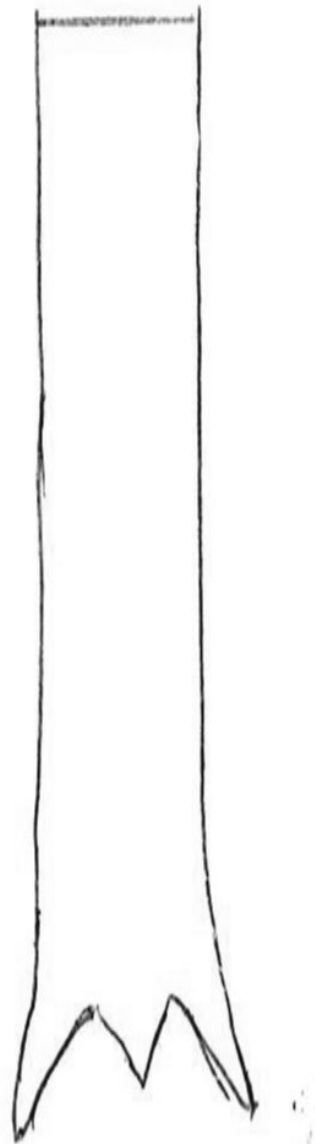

Directions:

1. Cut a large circle from green construction paper using a plate as a guide; fold in half.
2. Cut the frogs' legs using the template, then glue to the back side of the bottom of the folded circle.
3. Cut the crown using gold or yellow construction paper, then glue to the back side of the top of the half-circle.
4. The frog's eyes can be created by cutting out small circles from the white paper and gluing to the frog face – or googly eyes can be used if you have them.
5. Cut a thin red strip from the red construction paper and glue to the inside of the frog's mouth.
