

DRAW & DESIGN: Tinwork Art

Hojalata (tinwork art) is a beautiful expression of Mexican folk art.

Let's create our own version!

Cover a piece of cardboard with heavy-duty aluminum foil (tape foil onto cardboard). Draw an image of your choice onto the foil (We used a mechanical pencil with the lead NOT out). Color the image with a marker and blend the color with a cotton swab. If you choose to cut out your image do so before coloring.
