Empower Baton Rouge

Community Listening Sessions

The Capital Area Transit System (CATS) is hosting a series of five (5) listening sessions for the **Empower Baton Rouge Transit Study**. This study will work with the community to identify transportation challenges in the cities of Baton Rouge and Baker. Tell us how you currently use transit, what challenges you have with transit, and what you like about existing bus services.

The in-person listening sessions will be open-house style to allow participants to review the information of their own pace. Project team members will be available to answer questions.

Phase 1 Goals:

- Share the findings from the existing conditions analysis.
- Hear from the community what barriers you experience when using transit.

How to Participate:

- Join us in-person at the sessions listed to the right.
- Scan the QR code below to join virtually or visit: www.brcats.com/page/empower-baton-rouge-study.
